Annex to the letter dated 11 September 2001 from the Permanent Representative of Paraguay to the United Nations addressed to the Secretary-General

Statement of the Ministry of Foreign Affairs of the Republic of Paraguay

In relation to today's attacks on the United States cities of New York and Washington, D.C., the Ministry of Foreign Affairs wishes to express the Government's shock and outrage and is convinced that such acts always claim innocent human victims and seriously affect world peace and security.

The Government of the Republic of Paraguay strongly condemns such barbaric acts and wishes to express to the people and Government of the United States of America and to the families of the victims, its condolences and solidarity. At the same time, it pledges its support for any efforts that might be taken to identify those responsible and to forge in international forums a common position that totally rejects acts of this nature.

The Government of the Republic of Paraguay will not accept any justification for these acts that violate basic human rights and the principles of international law.
